Amendment No. 2 to the sailing instructions

10. THE DEPARTURE

10.3. Starting line

DELETE

~~The starting line will be between the orange flagpole on the Race Committee boat at the port end and a yellow cylindrical inflatable buoy at the starboard end of line. The coordinates of the starting line are given in Appendix 2 starting area. Delete An "Inner" mark may be set near the axis of the line.~~

~~A yellow cylindrical inflatable "Inner" mark will be anchored near the centerline of the line. This mark then has the rank of starting mark and must be left on the~~

~~same side as the committee boat. It is forbidden to pass between this mark and the committee boat. A boat passing between this mark and the committee boat will not be able to return to start, SI 10.5 will apply.~~

Replace with

The starting line will be between the orange flagpole on the Race Committee boat at the port end and a yellow cylindrical inflatable end of line buoy at the starboard end.

Approximately one hour before the start, its approximate geographical position will, if possible, be communicated via VHF and sent by Whatsapp to the competitors. Failure of transmission or failure to do so at the most opportune time cannot constitute grounds for requesting redress. This amends RRS 62.1(a).

A yellow cylindrical inflatable "Inner" mark will be anchored near the centerline of the line. This mark must be left on the same side as the committee boat. It is forbidden to pass between this mark and the committee boat. A racing boat that passes between this mark and the committee boat will receive a 5 hour penalty without instruction. This penalty will be carried out according to the terms specified in SI 13.5. It must be carried out no later than 48 hours after the start (unless there is an exceptional exemption from the race management due to weather conditions) (This modifies RRS 28.1 and 63.1).

Add

10.9

Application of RRS 42.3 (i) competitors may from the preparatory signal until they cross the starting line use their engine only to avoid or minimize a collision provided that they do not obtain a significant advantage.

The competitor must notify the race management as soon as possible and send a report on the circumstances of the use of his engine. This report will be sent to the jury.

16.4

DELETE

~~• By the competitor approaching the finish line, after authorization from the Race Direction.~~

Replace with

• After authorization from Race Direction, by the competitor approaching the finish line or after.

21. EQUITABLE PROJECT [DP][NP]

DELETE

~~AC 17 "Each competitor will be required to take on board a package of 20 kg of local products which they must deliver to Lorient. »~~

~~The bag of Cocoa beans will be sealed in position.~~

Replace with

AC 17 "Each competitor will be required to take on board a package of approximately 23 kg of local products which they must deliver to Lorient. »

The bag of Cocoa beans will be sealed in position.
